

FOR IMMEDIATE RELEASE:

Imaginology celebrating a decade of success with launching of new logo!

PHOENIX, Arizona- January 5, 2009 - The Valley's own premier source for creative technology announces 10 successful years in the multi-media business and the launch of their new logo!

Developed as a small startup website design company, Imaginology has grown into an established and experienced production company offering a wide array of services.

Imaginology has had the pleasure of working with such clients as: Arizona Heart Institute, CVMD, Barrows Neurological Institute, Gore Medical, and was recently enlisted to cover the 2009 season of the Arizona Derby Dames.

Recent productions by Imaginology include, Arizona Heart Institute and Hospital Videos, CVMD.org podcasts, Skeleton Puppet Theater's "The Afterlife with Bony Tony", Barrows Neurological Institute Interactive Conference Interactive ROM, SignChiDo's website redesign and Gore Medical Ad Campaigns.

Accomplishments include Media Communications Association of Arizona award of appreciation, Phoenix Fear Film Festival- Best Short Film and Cincinnati International Festival of Horror- Audience Favorite.

"Since 2000 Imaginology has provided excellent web and digital media services to our company VAS Communications. Imaginology has always exceeded our client's expectations and, most importantly, they always make it a pleasurable experience to collaborate with them." – Chris Wooley, Managing Producer, VAS Communications.

For 10 years, Imaginology has been producing a variety of professional, multi-media services, including website design and development, CD/DVD Authoring, live and on demand media streaming, podcasts, video production services and computer animation and motion graphics.
